The Gospels in their Original Meaning – by Deacon Lawrence Michaels

The Gospels are the most important writings of Scripture for Christians. They were composed several decades after the Resurrection to address very important problems in the early Church using the teachings and events of Jesus' public life. Yet, most readers treat them as biographies about Jesus and never examine the meanings that caused them to be written.

Revelation in Its Original Meaning – by Deacon Lawrence Michaels

This commentary attempts to remove the confusion surrounding the Book of Revelation. When a context is used that is consistent with only Old Testament quotations and no Gospel knowledge, it is early in the first century and, of course, Jesus did come as promised.
